Who They Are.

WASHINGTON, July 28.—Samuel Flower, who succeeds Mr. Henry as assistant treasurer at New Orleans, is a lawyer of high standing, and was urged for the place by almost the entire state congressional delegation. He served in the Confederate army during the war and rose to the rank of captain. He is a cousin of Representative R. P. Flower of New York.

Anthony Eckhoff, the new fifth auditor of the treasury, is a well-known German Democrat of New York city, but he has not allied himself with any of the different branches of the Democratic party in the state. He is one of the editors of the New York *Statesman*, and was once a representative in congress from New York. He also at one time held the office of coroner of New York city. He succeeds Judge Alexander of Indiana.

Dr. John Campbell of Cincinnati has

been appointed medical referee of the pension bureau, to succeed Dr. Thos. R. Ford.

Conrad Krezenz, who was to-day appointed collector of customs at Milwaukee, resides at Sheboygan, and is a man of high literary attainments. He is a lawyer by profession and has served several terms in the state legislature.

WRECKED ON A CORAL REEF.

WASHINGTON, July 28.—Judge Solomon Thatcher of Kansas, a member of the commission appointed to visit Mexico and South America in the interest of trade between these countries and the United States, arrived in Washington to-day direct from Liverpool and called upon the secretary of state, Mr. Curtis, the secretary of the commission, expected the latter part of this week. The vessel on which Judge Thatcher and Mr. Curtis sailed from Brazil was wrecked on a coral reef when comparatively a short distance from land. The wreck occurred about 7 o'clock in the morning, and the vessel and cargo were a total loss. The passengers took to the small boats, and at eight succeeded in reaching a small Brazilian port. They were refused aid of any kind, and were compelled to put up with such comforts as they themselves found. The following morning a small craft took them aboard, and in six days landed them at a point where a vessel was waiting to take them to England.

Cases, 28,044, deaths 12,347.

Gen. Hazen, chief signal officer, will sail for Europe on Thursday, to be absent until October.

MARSHALL.

Rumors that the Texas & Pacific will move to Dallas.

Special to the gazette.

MARSHALL, TEX., July 28.—It is again reported here that the officers of the Texas & Pacific Railway company are making arrangements to fold their tents and quietly steal away to Dallas. This is the way they took leave of our city when they went to St. Louis, giving some of the employees less than twenty-four hours' notice. They will find many suits filed against them when they move any more offices from here, as many citizens will sue for damages on account of the depreciation in values of property, they having given the company a large subsidy in both money and lands, and relying on the good faith of the company, made many improvements which will be of very little value when the offices and shops are gone. There is some talk of an injunction if it can be definitely ascertained when they intend to leave.

The Mexican Editors.

CINCINNATI, Ohio, July 28.—The Mexican editorial excursion party is here today, the guests of the Chamber of Commerce. The members were introduced to change and were afterwards driven to the various points of interest. They go hence to St. Louis on a special train at 8 o'clock to-morrow morning.

THE SITE SELECTED.

A spot selected with a view to displaying the monument.

NEW YORK, July 28.—A telegraphic dispatch from Col. Fred Grant announcing that his mother had decided in favor of a site in Riverside park was received at the mayor's office in the city hall this morning. The burial place will be on the site of the St. Clair homestead, now known as the Claremont house. This building stands on a high plateau at the upper end of Riverside park. The building was the homestead of the St. Clair family, and when the ground about it were acquired by the city the old building, which has stood for more than 120 years on its present site, was remodeled and transferred into a house for refreshments, under the control of the park department. The tomb and monument to Gen. Grant will be on the site.

NATIONAL AFFAIRS.

A BREACH BETWEEN CLEVELAND AND HENDRICKS IMMINENT OVER POSTMASTERSHIP.

EIGHTEEN PRESIDENTIAL POSTMASTERS APPOINTED AND TWENTY-TWO COMMISSIONED.

THE STEAMER ON WHICH THE MEMBERS OF THE SOUTH AMERICAN COMMISSION LEFT BRAZIL WRECKED.

ALL ABOUT A POSTMASTER.

Special to the gazette.

WASHINGTON, July 28.—The Indianapolis postoffice may turn out a thorn in the side of the administration. It is the political talk-to-night. It is charged that Aquilla Jones, the postmaster, has violated the civil-service rules, for which he is liable to fine and imprisonment. He is said to have the sympathy of Mr. Hendricks, at whose instance he was appointed. It is claimed also that the state delegation will stand by him. Senator Vorhees leaves to-morrow to defend Mr. Jones. The president has authorized the civil-service commission to investigate the case and Judge Thomas and Special Examiner Lyman have started for Indianapolis. In the event that Mr. Jones is removed or severely reprimanded, it is predicted that Mr. Hendricks will side with him and there will be a breach between the vice-president and the White House and music in the air next winter.

PRESIDENTIAL POSTMASTERS.

WASHINGTON, July 28.—The president to-day appointed Robert Murray surgeon-general of United States army, Francis M. Grummel surgeon-general of the United States navy, and Rev. Byron Snader, pastor of the First Presbyterian church, to visitors to the government hospital for the insane.

A COLONY OF EX-CONFEDERATES.

WASHINGTON, July 28.—Mr. Beckford Mackey, United States consul at Rio Grande del Sol, Brazil, arrived in Washington to-day on leave of absence. Mr. Mackey is the consul who some weeks ago had a shooting affray with a Brazilian editor, the latter having published scurrilous attacks upon him and his mother. Mr. Mackey was tried and honorably acquitted. The consul reports that a colony of ex-Confederates is located in Southern Brazil. The colony numbers about 500 persons and is doing well.
